

# J GROVER DJ GROVER

**JOHN GROVES / AKA – DJ GROVER**

**HOMETOWN: KANSAS CITY, MO**

DJ Grover started spinning records in 1999 when he was working as a promotion director for two Kansas City radio stations. Since then he has played with and opened for several nationally touring artists such as George Clinton, Blu Cantrell, Frankie J., Robin Thicke, Tone Loc, and more. Starting in 2004 he started producing and mixing radio shows. Grover has mixed shows locally on KCHZ- Z95.7, KCHZ - 95.7 The Vibe, and is currently mixing a Saturday night show for KMJK - Magic 107.3 in Kansas City. Grover has played everything from private parties all the way to headlining the largest free concert event in Missouri's

History at Kemper Arena in 2007. His ability to play a Hip Hop show on Friday night then change gears and spin a Funk party on Saturday night make him one of the most versatile DJ's in the business. DJ Grover has played several specialty sets such as a Michael Jackson set or a Prince set for special events and is available to arrange music for any style of event. Grover has even played country sets with classic hip hop beats and Party Breaks which provides a familiar up tempo twist on a genre of music unappealing to a large group of party goers.
